Superficie	15 ha	Vendanges	Manuelle et mécanique/ Manual and mechanical
Sol	Sablo-graveleux Sandy-gravel	Vinification	Traditionnelle / traditional

### Château de Villambis "Cru Bourgeois"

is located in the region of Haut Médoc, south of the Médoc peninsula.

**One of the particularity of this vineyard** is the fact that it is operated by a team of 20 handicapped workers and is a part of a program of **insertion of the disabled by work.**

The vineyard spreads over 15 hectares, made of sandy and gravelly soil. The average age of vineyard is 30 years.

The total annual production is **5.500 cases.**

Vintage **2011** has been awarded in 2014 a **Gold Medal** in Paris.

After the mechanical and manual harvest, the vinification is carried out in a traditional way using stainless steel thermostatically-controlled vat. The wine is aged with 65% in oak barrels for 12 months and 35% in vat.

The wine has a beautiful red dress with a lot of highlights. The nose is discreet with notes of wood. On the palate, this wine is dense and well structured. Patience rigor to this very promising vintage.
